**Be Your Dream**

MT. HOOD  
COMMUNITY COLLEGE

Hi Student (MHCC ID#: 123456),

**You have been identified as a Title IV eligible student whose life was likely impacted by the COVID-19 pandemic, and therefore will be receiving funds to help you with expenses related to the resulting disruption of campus operations. As a result, we will be distributing **\$675** directly to you this week using the distribution method you have selected through BankMobile (click [here](#) for more information).**

You will be able to use these funds at your discretion for any necessity expenses you may have such as food, housing, course materials, technology, health care, and child-care expenses. We have not applied any of the funds due to you to outstanding account balances. You will still need to pay any outstanding balances in order to register for Summer or Fall terms.

These funds were made available by the US Government and are being distributed in accordance with their restrictions and guidelines.

We understand that this pandemic has created a number of unique needs for our students. If you are experiencing hardships at this time – monetary or otherwise – please do not hesitate to reach out to us via the [Student Services form](#), or our live [Student Services HUB specialists](#) chat feature and we will do all that we can to support you with the resources you need to continue your academic journey, and ultimately reach your goals.

Stay safe, and keep striving to be your dream.

John Hamblin

Executive Dean of Student Development
